Send in your names now that you may be in with the campaign. The Republicans i-p posted.

We are requested by the Kansas Press to state that the District Convention to be beld at Elmendaro, Madison county, for the purpose of nominating a candidate for the Territorial Council has been postponed to the 16th of September. It was called for the 6th. Our Madison, Butler and Hunter county friends are querying somewhat who called the Convention in the first place. Can anybody tell?

Rev. C. Meadows of the Americus Mission of the Methodist Episcopal Church, has just closed a protracted meeting at the lown of Fremont, at which, an unusual inletest and revival influence were manifest I roughout, leaving a good impression on the minds of the people, with over twenty acressions to the Church. We are inform til that the Rev. Mr. Meadows expects soon bmove to that place. I de barnett

It is a consolation to know that we are of without friends. According to the old sying that "actions speak louder than we can count on E. W. Denison, every time. Last week he concluded that be would exert himself a little to extend the circulation of THE NEWS. He sends hight new subscribers as the result of one bour's canvassing in the neighborhood of Fremont. Mr. Denison has our best sishes for his future prosperity, and our sincere thanks for the interest he takes in out little sheet.

Cottonwood Township. We learn from Mr. Ross Thomas, Aslessor in Cottonwood township, that the township is fifteen thousand four hundred for about a quarter of a bour. hundred and seventy-six dollars and fifty- to relieve him. - S ientific American. ave cents, being an increase of forty-seven thousand two hundred and forty-one dollars han double the amount of taxable property of last year. Cottonwood is one of the best townships in the county, and these figures speak volumes for her prosperity. We were not furnished with the number of registered voters on the total number of inhabitanty, but will give them at some future

Breckenridge County Agricultural Society.

A large number of our most substantial farmers and business men assembled at Fremont, on Faiday last, in pursuance of the notice published in our columns, and organized an Agricultural Society. The fee for membership was fixed at one dollar, and about fift; names were affixed to the Constitution on the spot.

S. G. Brown, of Emporia, was elected President; C. H. Withington, of Allen, Vice President; L. Crandall, of Fremont, Secretary; Noah Bixler, of Fremont, Treasurer; and W. B. Davis, of Fremont, John R. Swallow, of Waterloo, Daniel Roe, of Forest Hill, H. W. Fick, of Emporia, Directors.

The next meeting will be held at Emporis on Saturday the 17th of September. I is the intention, we understand, to hold meetings in every Township in the county for the purpose of awakening a general interest. The meeting for October will probably be held at Waterloo, and that for November at Forest Hill. We have not yet received the official proceedings of the meeing, but will probably publish them in our next. We trust that every farmer in the county will give his hearty support to the movement. It is of the utmost importance to them and the whole community.

Forest Hill Township. We are pleased to learn that the staunch Republicans of Forest Hill Township have Walnesday, Sapt. 7th, at 10 o'clock A. M. already entered upon the campaign with a spirit and zeal worthy of the great and rital interests at stake. They have organized a Republican Club, which meets every Tuesday evening for discussion and the dissemination of Republican principles .-Messrs. Adams, Henderson, Sleeper, Tripp, Smith, Mitchell and others, have participa ted in the debates, and their meetings are Inds. The new proprietors will probably said to have called out a good degree of in cerest and enthusiasm. They have led off in the proper spirit by avowing their determination to support the candidates of the Republican party, fairly nominated, giving no aid or comfort to factionists or disorganizers. Let other Townships go and do like. wise. We shall be happy to publish the names of the officers of each club in THE News, Will some friend in each Township A. G. Procter & Co., have now on hands be kind enough to furnish us with them, the largest and most complete stock and such other particulars as may be of of goods they have ever offered to the pub. general interest. Up with our bonner!

> Waterloo Tnwnship. The number of inhabitants in Waterloo Fownship, Breckenridge County, is 357; No. of registered voters 80; (and they will number 100 by the November election.) --The total amount of taxable property is \$43,742, against \$26,861 last year, and there has been more than one Congression-

al township taken off from this township

to help make Forest Hill township.

O. PHILLIPS, Assessor. These figures show that Waterloo Is no behind her neighbors in the matters of improvement and progress. Why don't the Assessors of Fremont, Americus, Cahola. and Agnes City furnish us with the statisties of their townships? Our readers are as much interested in their welfare as that

a man, are expected to do their duty this two of them-Messrs. George B. Cooper ill, and they should take THE NEWS and and Chas. Hills-as good ones, too, as can be found in the Western country. > Hammerslough Brothers, of Kunsas City, who keep one of the largest clothing estab lishments in the West, are out with a new advertisement to-day. Read it, and when you are in Kansas City, go and see them, and you will be almost sure to "go in" to the extent of a "new suit" of clothes --Hammerslough Brothers believe in advertising, and of course the people believe in buying there. This accounts for the heavy business they are doing in the clothing

John F. Richards, Leavenworth city. has a large and complete stock of Hardware. and keeps on hand a large supply of fencing wire. If any body in this region is going to put up a wire fence we advise them to buy the wire of John F. Richards.

CURE FOR SPRAINS .- In the Paris hospitals a treatment is practiced that is found most successful for a frequent accident, and which can be applied by the most inexperienced. It the ankle is sprained, for in-stance, let the operator hold it in his han is, with the thumbs meeting on the swollen part. These, having been previously greased, are pressed successively with increasnumber of acres of pre-empted land in that ing force on the inujedd and painful spot and fifty-two and a half. Total valuation of cation being repeated several times, will, in property, seventy-eight thousand, seven walk when other means would have failed

Lord Bacon beautifully said, "If a man and fifty-five cents, or considerably more be gracious to strangers, it shows he is a double the emerger of taxable property citizen of the world, and that his heart is no island cut off from the other lands, but a continent that joins them."

The late census returns gives Wyandott a population of 1 500.

Trouble in Southern Kansas A report comes to us that trouble has one

again broken out in Bourbon county, near Fort Scott. The circumstances, as given by the Kansas City Journal, are as follows: From a gentleman hving near Fort Scott, we learn that a couple of Jayhawkers of Southern Kansas, were taken in custody twelve miles this side of Fort Scott, on Friday last, by some parties from whom it was alleged they had stolen horses, and that an armed posse, numbering near five hundred, bad collected and sworn to rescue the jayhawkers, at the peril of their lives.

At the time our informant left, all was confusion, and a desperate encounter was
